

May 2025

What about ?

Antibes-Juan les Pins

is located in the heart of the French Riviera, famous for its Jazz Festival and its beaches, making it a must for any stay on the French Riviera.

A renowned seaside resort appreciated by writers, but also by artists like Picasso, Antibes is a must-see for its beaches and summer weather.

May is distinguished by temperatures that allow lunches on beaches or lazing around in the sun...

DISCOVER ACUANESTH AND ULTRASOUND-GUIDED ACUPUNCTURE

What is it ?

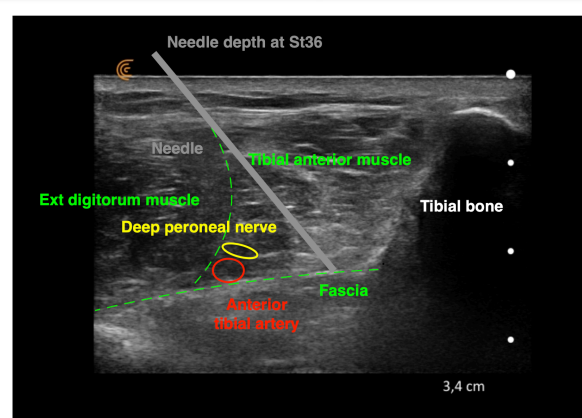

Acuanesth offers a non-traditional educational approach within the fields of anesthesiology, perioperative medicine, and emergency care:

the teaching of evidence-based acupuncture as a complementary therapy integrated into a patient-centered care model. The therapeutic intervention is both effective and safe, combining ultrasound-guided techniques with clinical practice and ongoing medical research. Through this training, practitioners acquire the knowledge and skills necessary to incorporate acupuncture techniques into a secure, multimodal therapeutic strategy, grounded in scientific and practical evidence

During the Congress :

The therapeutic intervention is both effective and safe, combining ultrasound-guided techniques with clinical practice and ongoing medical research. Through this training, practitioners acquire the knowledge and skills necessary to incorporate acupuncture techniques into a secure, multimodal therapeutic strategy, grounded in scientific and practical evidence (Evidence-Based Medicine).

During the Congress :

Keynote Speech: Acupuncture Techniques in Anesthesiology and Critical Care: Scientific Basis or Illusion?

Chair : Xavier Capdevila, MD PhD Anesthesiology

Two workshop: Acupuncture, Anesthesia, Ultrasound, Evidence-Based Medicine: Acuanesth's Four Aces

- Modern applications of acupuncture techniques in anesthesia and critical care.
- Acuanesth Hands-On Workshop: Acupuncture Sonoanatomy

Chair : Hubert Thomas, MD Anesthesiology
