Welcome message

**Bienvenue à Antibes Juan-les-Pins,
Bienvenue on the French Riviera,
Welcome to the Palais des Congrès for the 38th World Congress of ICMART.
Welcome to a 'face to face' meeting or online.**

Chers Confrères, Dear Colleagues,

In the name of members of the ICMART Board, I thank the four associations - FAFORMEC, ABMA, CFA-MTC and ASA- which prepared the congress. It's a huge work and the result will fascinate each participant coming from 40 countries to follow 180 lectures, keynotes, symposium and workshops covering the fields of our practices in Medical Acupuncture and Related Techniques.

France is a two centuries 'old' country of acupuncture. A Hall of Fame will let you discover the names of the pioneers of the development of this new medicine during the XX^o century. In France, the specialty of acupuncture in obstetrics is shared by medical doctors and midwives: half of them practice and develop acupuncture in their professional domain. We open them the possibility to participate to this congress. We hope that this specificity will be known by midwives all around the world so they will learn, practice and develop acupuncture for pregnancy, birth, post-partum and in fact acupuncture for women from puberty to post menopause.

Auriculotherapy-Eartherapy is born in France, thanks to Paul Nogier. Since the fifties, this specialty is in a permanent development. If you know little about it, prepare yourself to be surprised.

Year after year, each ICMART Congress shows the development of our professional specificities in each medical fields: pain, neuropathic and myofascial pain, neurology, oncology, psycho-psychiatry, dietetic, electro-puncture, old and new acupotomology, neuraltherapy, etc.... ICMART is the reflection of this evolution and participate to the spreading of modern Medical Acupuncture and Related Techniques in the five continents. I wish you an unforgettable ICMART congress, French vintage!

Patrick Sautreuil, MD
President of ICMART

ICMART 2025 - Antibes

Bienvenue à tous : ce congrès trois en un, ICMART, FAFORMEC, ABMA-BVAA est le vôtre !

Les acupuncteurs français, médecins, sages-femmes sont héritiers d'une longue histoire de plusieurs siècles. Nos prédécesseurs ont réussi à inscrire l'acupuncture dans le monde médical, à faire passer l'enseignement initial à l'université. Ils ont su créer les structures pour nous défendre. Ils ont créé des structures internationales avec nos confrères dans le monde entier. Depuis plusieurs siècles, les échanges internationaux existent, aujourd'hui il suffit quelques heures pour nous retrouver dans le même lieu, comme aujourd'hui pour trois journées d'échanges, de partages, de réflexions.

Merci aux conférenciers, à ceux qui ont envoyé des posters, à vous d'être là, à nos sponsors, à la petite équipe francophone mobilisée depuis deux ans pour organiser ces journées, aux différents techniciens: grâce à chacun, nous allons pouvoir prendre un temps d'éloignement de nos patients pour mieux nous recentrer. Nous allons aller à la rencontre de nos confrères, échanger, créer des liens forts, peut-être des partenariats de travail et de recherche. Des moments forts lors des conférences, mais aussi des pauses, des surprises vous sont proposés jusqu'à dimanche et peut-être lundi si vous le souhaitez et le pouvez.

Ces trois journées vous nous offrir un temps de ressourcement, d'approfondissement, d'enrichissement, à l'écoute des différents conférenciers, nous allons découvrir des techniques de soins éprouvées, validées, propres à des spécificités locales, nous ouvrir de nouvelles perspectives.

Nous avons sans doute une passion commune : celle d'une lecture du vivant qui nous permet d'offrir à nos patients des possibilités supplémentaires de soins en accord avec la démarche médicale occidentale en alliant rigueur, validation et sécurité. Demain, nous serons riches et fiers de ces heures partagées, de nouvelles connaissances, de notre appartenance à un collectif mondial et médical.

Merci au board de l'ICMART qui a suivi de près l'organisation de ces journées : que cette nouvelle édition soit maintenant la vôtre !

Welcome everyone: this three-in-one conference, ICMART, FAFORMEC, and ABMA-BVAA, is yours!

French acupuncturists, doctors, and midwives are heirs to a centuries-long history. Our predecessors succeeded in establishing acupuncture in the medical world and in transferring its initial teaching to universities. They were able to create the structures to defend us. They created international structures with our colleagues around the world. International exchanges have existed for several centuries; today, it only takes a few hours to find us in the same place, as today for three days of exchanges, sharing, and reflection.

Thank you to the speakers, to those who submitted posters, to you for being here, to our sponsors, to the small French-speaking team mobilized for two years, to the various technicians: thanks to each one, we will be able to take a time away from our patients to better refocus. We will meet our colleagues, exchange, create strong bonds, perhaps work and research partnerships. Highlights during the conferences, but also breaks, surprises are offered to you until Sunday and perhaps Monday if you wish and can.

These three days will offer us a time of recharging, deepening, enrichment, listening to the different speakers, we will discover proven, validated care techniques, specific to local specificities, opening up new perspectives for us.

We share a common passion: an understanding of living world, which allows us to offer our patients additional care options consistent with Western medical approaches, combining rigor, validation, and safety. Tomorrow, we will be enriched and proud of these shared hours, of new knowledge, of our belonging to a global medical collective.

Thank you to the ICMART board who closely followed the organization of these days: may this new edition now be yours.

Marc Martin, MD

President of the French Acupuncture Federation For Research and Medical Care (FAFORMEC)
Chair of the ICMART 2025 Organizing Committee

Belgium has always been a country at the crossroads of all influences, keen to integrate the richness of its surrounding cultures.

The same is true of medical acupuncture, which our Association, the ABMA BVAA, continually enriches, shares, and discusses with all the countries around it, as well as those in Europe and even around the world.

What a wonderful opportunity this ICMART 2025 Congress, which you have agreed to participate in, offers to meet us and share our wealth!

We are very proud of the scientific program we can offer you: thanks to our speakers, you will be able to discover a wide range of acupuncture treatments, including methods such as Japanese Kampo Medicine, Korean Acupotomy, Neural Therapy, and so many other ways to enhance our acupuncture treatments. This opportunity will allow you to discover so many different ways of applying acupuncture and the techniques that stem from it from around the world, without having to travel!

Finally, as the Belgian representative, this is also an opportunity for me to perpetuate the legacy of Dr. François Beyens, one of the Belgian founding members of ICMART, who also contributed to the development of medical acupuncture in Belgium by being an active member of the ABMA BVAA.

So, thank you for your participation and your investment in this crossroads of dialogue between our ways of administering acupuncture care, which, I am sure, can only be enriched after this fabulous conference that, thanks to you, we can offer you.

Enjoy!

La Belgique a toujours été un pays au carrefour de toutes influences, soucieuse d'intégrer les richesses des cultures environnantes.

Il en va de même avec l'acupuncture médicale, que notre Association, l'ABMA BVAA, n'a de cesse d'enrichir, de partager et de discuter avec tous les pays qui l'entourent, mais aussi de l'Europe et même du monde entier. Quelle belle occasion que ce Congrès ICMART 2025 auquel vous avez accepté de participer, de nous rencontrer et de partager nos richesses !

Nous sommes très fiers du programme scientifique que nous pouvons vous offrir: grâce à nos orateurs, vous pourrez rencontrer un grand nombre de méthodes de décliner l'acupuncture, que ce soit les méthodes comme la Kampo Medicine japonaise, l'Acupotomie coréenne, la Neuralthérapie, et tant d'autres manières de renforcer nos soins d'acupuncture. Grâce à cette opportunité, vous pourrez découvrir tant de manières de décliner l'acupuncture et les techniques qui en découlent dans le monde entier mais sans devoir vous déplacer !

Enfin, comme représentant belge, c'est aussi pour moi l'occasion de perpétuer l'héritage du Dr François Beyens, un des membres fondateurs belge de l'ICMART, qui contribua aussi à développer l'acupuncture médicale en Belgique en étant une des membres actifs de l'ABMA BVAA.

Donc, merci de votre participation, de votre investissement dans ce carrefour -dialogue entre nos manières d'administrer nos soins d'acupuncture qui, j'en suis sûr, ne peut que s'enrichir après ce fabuleux congrès que, grâce à vous, nous pouvons vous offrir.

Profitez-en !

Olivier Y. Cuignet, M.D.
Vice-Chair ICMART 2025
President of the Belgian Association of Medical Acupuncture

Chères et chers collègues,

C'est avec immense plaisir que l'ASA vous souhaite la bienvenue en France au Congrès ICMART 2025, co-organisé cette année avec nos partenaires et amis de la FAFORMEC, du CFA et de l'ABMA-BVAA, dans la magnifique région de la Côte d'Azur.

Nous sommes particulièrement fiers de collaborer à la réalisation de cet événement international, qui représente une plateforme d'une valeur inestimable pour tous ceux qui souhaitent élargir leurs horizons dans le domaine de l'acupuncture, de la médecine traditionnelle chinoise et des techniques qui y sont liées.

Nous vous souhaitons un congrès agréable et stimulant, riche en échanges, qui vous permettra de retourner à votre quotidien non seulement avec de nouvelles connaissances scientifiques, mais aussi avec des idées innovantes et des perspectives différentes, prêtes à être intégrées dans votre pratique quotidienne."

Dear colleagues,

It is with great pleasure that the ASA welcomes you to France for the ICMART 2025 Congress, co-organised this year with our partners and friends at FAFORMEC, CFA and ABMA-BVAA, in the magnificent Côte d'Azur region.

We are particularly proud to be collaborating on this international event, which represents an invaluable platform for all those who wish to broaden their horizons in the field of acupuncture, traditional Chinese medicine and related techniques.

We wish you a pleasant and stimulating conference, rich in exchanges, which will allow you to return to your daily life not only with new scientific knowledge, but also with innovative ideas and different perspectives, ready to be integrated into your daily practice."

Lara Lauer, MD
President of ASA, Switzerland

Bienvenue à Antibes-Juan les Pins

Au nom de tous les membres du Collège Français d'Acupuncture, société savante des médecins acupuncteurs français, j'ai l'immense plaisir de vous souhaiter à bienvenue à Antibes-Juan les Pins et de vous féliciter pour votre participation au 38^e Congrès de l'ICMART. Ce congrès est aussi celui de la collaboration et de l'amitié entre la France, la Belgique et la Suisse puisqu'il s'agit également du congrès annuel de la FAFORMEC, de l'ABMA-BVAA et du congrès de l'ASA. Ce fut, pour nous tous, un grand honneur et un réel plaisir de contribuer à l'organisation de cet événement.

L'acupuncture est une discipline médicale : en tant que telle, elle doit répondre à une double exigence, à savoir maintenir en permanence la rigueur scientifique indispensable et rester *un art de guérir*. L'ICMART nous permet de nous réunir pour atteindre ce double objectif dans une atmosphère chaleureuse et amicale.

Merci d'être venus du monde entier pour partager des conférences, des ateliers, des symposiums et des moments de convivialité autour de l'acupuncture et des techniques associées.

Bon Congrès,

Welcome in Antibes-Juan les Pins

I am Henri Yves Truong Tan Trung, president of the French College of Acupuncture. In the name of all the members of this-Academic Society, it is my sincere pleasure to welcome you to Antibes and to congratulate you for attending at the 38th ICMART World Medical Congress on Acupuncture. This congress is also a great moment of collaboration and friendship between France, Belgium and Switzerland, as the annual congress of Faformec, ABMA-BVAA, and ASA. It is an honor and a real pleasure for us to contribute to the organization of this event.

Acupuncture is a medical discipline: as such, it must fulfill a dual requirement, namely to maintain the necessary scientific rigor at all times and to remain an *art of healing*. ICMART allows us to come together to achieve this dual objective in a warm and friendly atmosphere.

Thank you for coming from all over the World to share lectures, workshops, symposia and friendship around Acupuncture and Related Techniques.

Enjoy the conference !

Henri Yves Truong Tan Trung, MD
President of The French College of Acupuncture,
Scientific Organizing Committee, Chair

Detailed Program

Day 1 (Friday Nov 7th)

09:00 - 10:00 Keynote Speech

Amphitheater

CHAIRS: Marc Martin, Olivier Cuignet.

09:00-09:30 Physical Medicine, Neuro Acupuncture and Painful Myofascial Trigger Points.
Patrick Sautreuil (ICMART Chair- Rothschild Hospital)

09:30-10:00 Kampo Medicine Today: Integrating Tradition into Modern Practice, Research, and Medical Education.
Keiko Ogawa-Ochiai (Hiroshima University Hospital)

10:00-10:45 Opening Ceremony

Amphitheater

10:45-11:15 Coffee Break

11:15-11:45 Keynote Speech

Amphitheater

CHAIRS: Henri Yves Truong Tan Trung, Konstantina Theodoratou.

More than OB/GYN : Women's Health is Improved by Acupuncture Therapy
Lisa J. Taylor-Swanson (Society for Acupuncture Research)

11:45-12:45 ICMART Forum 1

Amphitheater

Introduction of Education on Acupuncture into the Basic Medical Curriculum.

CHAIR : Thomas Burgoon

DISCUSSANTS:

Tomás Dawid,
Márcia Yamamura,
Konstantina Theodoratou
Ian Relf

12:45-13:15 Keynote Speech

Amphitheater

CHAIR: Regina Stemberger

Neural Therapy: Neurophysiology and Studies.
Lorenz Fischer (University of Bern)

12:45-14:15 Lunch Break

14:15-15:45 Session 1-1 Keynote Speech & lectures

Amphitheater

CHAIR: Marc Martin, Patrick Sautreuil.

- 14:15-14:45 Auricular Causative Diagnosis – Finding the Roots of Diseases: A Study of Clinical Cases.
Nadia Volf (School of Medicine, Paris XI University)
- 14:45-15:15 Electroacupuncture as an Integrative Complementary Therapy to Treat Neurodegenerative Diseases: A Literature Review to Propose an Optimal Protocol.
Olivier Cuignet (ABMA-BVAA, president)
- 15:15-15:30 How Acupuncture started to be used in Hospital, and how the French Midwives was allowed to use it. And now in which case we use it.
Sophie Nivault (AFSAA, president)
- 15:30-15:45 Why Teaching Acupuncture at Nice University Hospital ?.
Céline Aguilera-Cueco (Nice University Hospital)

14:15-15:45 Session 1-2 Workshops

Fitzgerald room 1

- 14:15-15:00 Preparation of Marathon Runners Using Traditional Chinese Medicine According to a Method presented by Heidi Thorer.
Jean-Pierre Dartigues (SAMP, Honorary President)
- 15:00-15:45 The Mazzanti AcuOsteo Method®: Treatment of the Lateral Knee Pain with Acupuncture and Osteopathy.
Umberto Mazzanti (AMAB, Vice President)

14:15-15:45 Session 1-3 Workshops

Fitzgerald room 2

- 14:15-15:00 Wrist and Ankle Acupuncture: a Fast Result Technique-1/2
Tomás Dawid (Uruguayan Acupuncture Association, President), Guillermo Chaibún (Uruguayan Acupuncture Association, Vice-President), Yeni Ganeglus (Rehab Dpt, Montevideo)
- 15:00-15:45 Wrist and Ankle Acupuncture: a Fast Result Technique-2/2
Tomás Dawid (Uruguayan Acupuncture Association, President), Guillermo Chaibún (Uruguayan Acupuncture Association, Vice-President), Yeni Ganeglus (Rehab Dpt, Montevideo)

14:15-15:45 Session 1-4 Symposium: Herbal Medicine

Davis room 1

CHAIR: Karin Stockert.

- 14:15-14:35 Introduction of Herbal Prescriptions included in Korean, Japanese and Taiwanese National Health Insurance System.
Dongwoo Nam (Kyung Hee University, Prof.)
- 14:35-14:55 The Integrative use of Chinese Herbal Medicine and Medical Acupuncture for High Blood Pressure.
Francisco Lozano (Instituto Politécnico Nacional, Mexico)
- 14:55-15:15 Chinese Herbal Medicine for Prevention of Allergies: 2 case studies.
Karin Stockert (Austrian Acupuncture Society, past President.)
- 15:15-15:35 The Chinese Herbal Medicine New Studies, Chances, Safety, Good Clinical Practice.
Josef Hummelsberger (Visiting Professor Chengdu TCM University)
- 15:35-15:45 Q&A

14:15-15:45 Session 1 - 5 Workshop: Pain and KM

Davis room 2

- 14:15-15:45 Lumbar Radiculopathy, Cervical Radiculopathy, Shoulder Instability, Patello-femoral Pain, Cuboid Syndrome Studies.
Seong-Hyung Cho (Korean Pain Diagnosis Society)

14:15-15:45 Session 1-6 Workshops

Bechet Room

- 14:15-15:00 Addictology.
Konstantina Theodoratou (Scientific Association of Medical Acupuncture in Greece (SAMAG))
- 15:00-15:45 The "Seventh Stagnation": Three Formulas for Treating Yi [Intention, Thought] and Acute Psychological Shock.
Robert Hawawini (ASMAF-EFA, chair)

15:45-16:15 Coffee Break

16:15-18:00 Session 2-1: Research 1

Amphitheater

CHAIRS: Valerica Ilies, Alain Huchet.

- 16:15-16:45 **The State of Evidence in Acupuncture - A Review of Metanalyses and Systematic Reviews of Acupuncture Evidence – Update 2017 to 2022.**
Moritz Hempen (SMS President, Germany)
- 16:45-17:15 **Understanding Nocebo Effect in Clinical Research on Acupuncture.**
Fernando Farias (Professor of Pharmacology and Internal Medicine in Souza Marques Medical School)
- 17:15-17:45 **Reductions in Chronic Postsurgical NP and Mechanical Allodynia in Breast Cancer Patients with Laser Acupuncture : A Retrospective Observational Study.**
Ian Relf (Australian Medical Acupuncture College)
- 17:45-18:00 **Core Outcome Sets (COS) in future Acupuncture Research.**
Lisa J. Taylor-Swanson (Society for Acupuncture Research)

16:15-18:00 Session 2 – 2 Gynecology-Obstetric

Fitzgerald room 1

CHAIR: Céline Aguilera-Cueco, Patricia Duchateau

- 16:15-16:30 **The Endometriosis-associated pain : Implementation of an Acupressure Training Protocol at the Ariane Center in the Regional Hospital Center Metz Thionville.**
Jean-Michel Bouschbacher (Former head of the Metz Maternity Dpt)
- 16:30-16:45 **Acupuncture To Prevent, Detect and Treat Postnatal Depression.**
Annabelle Pelletier (Midwife, La Garde)
- 16:45-17:00 **Premenstrual Dysphoric Disorder : A Double-Edged Autum.**
Gabrielle Nelson (Midwife, Saint André de Cubzac)
- 17:00 – 17:30 **The Importance of Integrating TCM Diagnosis and Treatment into the Approach of Osteoporosis.**
Angela Tudor, Reghina Patru (Romanian Society of TCM),
- 17:30 – 17:45 **Electro-Acupuncture as a Fertility-Enhancing Therapy in Women with Atypical Polycystic Ovary Syndrome: A Prospective Interventional Case Series Study.**
Mai Elsheikh (National Research Centre, Cairo)
- 17:45 – 18:00 **Clinical Study on the Efficacy of Acupuncture in the Treatment of Secondary Amenorrhea.**
Sanjeevani Chodankar (Viva Acupuncture College)

16:15-18:00 Session 2 – 3: Workshop & ENT lectures

Fitzgerald room 2

- 16:15-17:00 Auricular Causative Diagnosis – Finding the Roots of Diseases : A Study of Clinical Cases.
Nadia Volf (School of Medicine, Paris XI University)

CHAIR: Nadia Volf, Lara Lauer.
- 17:00-17:15 Q&A
- 17:15-17:30 Chronic Tinnitus. Therapeutic Approach with Medical Acupuncture.
Claudia Califra (Coordinator of the Occupational Health Department of the National Parliament's Medical Service)
- 17:30-17:45 The Neuro-Psycho-Pathogene Elimination Method.
Hicran Usan (Specialist for Physical Medicine and Rehabilitation.)
- 17:45-18:00 Q&A

16:15-18:00 Session 2-4 Symposium: Chinese Dietetics –

Davis room 1

CHAIR: Uwe Siedentopp.

- 16:15-16:35 Chinese Dietary Therapy : Historical Roots and Modern Developments in China.
Ute Engelhart (International Society for Chinese Medicine)
- 16:35-16:55 Chinese Dietetics and Modern Nutritional Science in the Therapy of Metabolic Syndrome.
Patricia Krinninger (PhD in Nutritional Medicine)
- 16:55-17:15 Chinese Dietetics : From Theory to Daily Practice with Simple Recipes to Strengthen the Middle Burner.
Christine Gabriel (DÄGFA)
- 17:15-17:35 Acupuncture and Integrative Dietetics for Biorhythm Disorders.
Uwe Siedentopp (responsible editor for the dietetics section of the German Journal of Acupuncture).
- 17:35-17:55 Challenges and Perspectives in Research on Chinese Dietetics.
Karin Meissner (University of Applied Sciences, Coburg).
- 17:55-18:00 Q&A

16:15-18:00 Session 2-5 Workshop & French Acupuncture lectures

Davis room 2

- 16:15-17:00 Acupuncture in Chronic Headaches as an Integrated Approach.
Hedi Luxenburger (DAGFA)
- CHAIR: Marc Labby, Hedi Luxenburger.
- 17:00-17:20 The Acupuncture Point YIXI -B45.
Clotilde Royer (MD)
- 17:20-17:40 "Noon-Midnight" Balance: Proposal of a New Method of Harmonization of the Meridian System indicated in cases of Superficial Syndrome.
Mathieu Noël (MD, ATAS Acupuncture Trainer)
- 17:40 -17:55 Two « Bai hui » on Animals...and a Few Additional Possibilities.
François Gonneau (VMD, France)
- 17:55-18:00 Q&A

16:15-18:00 Session 2-6 Symposium: Stimulation Modes

Bechet room

CHAIR: Olivier Cuignet

- 16:15-16:35 Manual Acupuncture, from TCM to Western Physiology.
Gaëlle Gulpen (ABMA-BVAA)
- 16:35-16:55 Usefulness of Moxibustion in Acupuncture, According to Traditional Theory.
Anne Van de Vyver (ABMA-BVAA)
- 16:55-17:15 Electro-acupuncture (EA): how can we reconcile a modern concept of acupoints stimulation with the traditional concepts of balance in TCM ?
Olivier Cuignet (ABMA - BVAA president)
- 17:15-17:35 Laser : Light at the Heart of Cells.
Agnès Mazic de Sonis (Chirec Delta Hospital Brussels).
- 17:35-17:55 Photobiomodulation or Low Level Laser Therapy, another Way to Stimulate the Acupuncture Point.
Eric Nickels (ABMA-BVAA, General Secretary).
- 17:55-18:00 Q&A

18:30-20:00 WELCOME RECEPTION

Espace Méditerranée

Day 2 (Saturday Nov 8th)

08:00 - 08:45 **Qigong / Taijiquan**

Parc de la Pinède

09:00 - 10:30 **Session 3-1 Keynote Speech and lecture.**

Amphitheater

CHAIR: Agnès Mazic de Sonis, Francisco Lozano-Rodriguez.

- 09:00-09:30 **Acupuncture Techniques in Anesthesia and Intensive Care Medicine**
Xavier Capdevila (Lapeyronie University Hospital, Montpellier)
- 09:30-10:00 **Interosseous Membrane Stimulation: A Discussion of the Technique, Application and Proposed Mechanism of Action.**
Michael Freedman (AAMA)
- 10:00-10:30 **The Therapeutic Process.**
Caroline Viry (Midwife, American Hospital Paris)

09:00 - 10:30 **Session 3-2: Myofascial Pain**

Fitzgerald Room 1

CHAIR: Patrick Sautreuil, Gaele Gulpen.

- 09:00-09:15 **The Effectiveness of Acupuncture in Reducing Pain and Improving Gait Posture in a Patient with Knee Osteoarthritis Immediately after Treatment**
Wilianto FNU (Everwill Clinic, Indonesia)
- 09:15-09:30 **Hip Rib Impingement: A Novel Bio-Mechanical Approach to the Root Cause of Back Pain and Spinal Degeneration.**
Christopher Chin (Australian Medical Acupuncture College)
- 09:30-09:45 **Different techniques of acupuncture used in the treatment of sacroiliitis.**
Gönül Boz (Pain Clinic, Clinic St Jean, Brussels)
- 09:45 -10:00 **Biodermal Threads as Related Methods of Acupuncture in the Treatment of Musculoskeletal Disorders.**
Ladislav Fildan (Czech Medical Acupuncture Society)
- 10:00 -10:15 **Investigation on the Effect of Laser Acupuncture in the Treatment of Chronic Low Back Pain.**
Gregory Glazov (Czech Medical Acupuncture Society)
- 10:15 -10:30 **The situation of acupuncture and Western treatments in the management of back pain with regard to EBM.**
Eric Nickels (ABMA-BVAA)

09:00 - 10:30 Session 3-3: Workshops

Fitzgerald Room 2

- 09:00-09:45 **The crane spreads its wings: Qigong exercises to nurture the life forces.**
Gisela Hildenbrand (Medical Society for *Yangsheng Qigong*)
- 09:45-10:30 **Mind Acupuncture for Specific Phobia, Panic Disorder and Trauma: A Novel Approach with Immediate Effects.**
Jung Hwan Lee (Association of Mind Acupuncture)

09:00 - 10:30 Session 3-4: Workshops

Davis Room 1

- 09:00-09:45 **Chinese Massage Therapy (*Tuina Sou Fa*) - A Valuable Therapeutic Resource.**
Hildebrando Sabato (Brazilian Medical College of Acupuncture)
- 09:45-10:30 **25 years of Mastoid Acupuncture.**
Naomie Cayemitte-Rückner (University of Witten-Herdecke)

09:00 - 10:30 Session 3-5: Symposium: Neural Therapy

Davis Room 2

- 09:00-09:30 **Introduction to Neural Therapy.**
Petja Piehler (Austrian Society for Neural Therapy)
- 09:30-10:15 **Sonographic Studies of acupoints/trigger points.**
Helmut Liertzer (Austrian Society for Neural Therapy)
- 10:15-10:30 **Neural Therapy for Chronic Respiratory Disease after Prolonged Respiratory Infections.**
Johanna Osztovcics (Austrian Society for Neural Therapy)

09:00 - 10:30 Session 3-6: Workshops

Bechet room 1

- 09:00-09:45 **How to manage your Auricular Acupuncture Sessions?**
Emmanuel Sagui (Paris-Saclay University)
- 09:45-10:30 **Rapid Acupuncture for Acute Musculoskeletal Conditions: Yamamura Acupuncture System (YAS).**
Marcia Yamamura (Sao Paolo Hospital)

09:00 - 10:30 Session 3-7: Workshop

Bechet Room 2

- Integrating Osteopathic Manual Muscle Testing, Pulse Diagnosis and Fascial Node Restrictions with Acupuncture Diagnosis and Treatment.**
Joseph Audette (American Academy of Medical Acupuncture)

09:00 - 10:30 **Session 3-8: Symposium : Japanese Style Acupuncture and Moxibustion**

Amstrong Room

CHAIR: Ikuro WAKAYAMA

09:00-09:20 **The Effect of Moxibustion Stimulation to Mechanoreceptors On Postural Control Function...**

Daichi Kasuya (Nigata University of Health And Welfare)

09:00-09:40 **Practical Session of Japanese Acupuncture : Japanese Style Acupuncture for Subjective Tinnitus including Application of Tinnitus Reactive Point (TRP).**

Hiroyuki Tsuru (Meiji University of Integrative Medicine)

09:40-10:00 **The K-Style Contact Needle Techniques for Palliative Care.**

Keiko Hirose (Hiroshima University Hospital)

10:00 -10:20 **Japanese Acupuncture for Respiratory Diseases : Therapeutic Effects on COPD.**

Masao Suzuki (Fukushima Medical University)

10:20 -10:30 **Q&A**

10:30-11:00 **Coffee Break**

11:00-12:30 **Session 4-1 Keynote Speech and lecture**

Amphitheater

CHAIR: Konstantina Theodoratou, Henri Yves Truong Tan Trung.

11:00 -11:30 **Electrical Stimulation in Medical Acupuncture, Discussion of Theory & Applications**
Chin Chan (Australian Medical Acupuncture College)

11:30 -12:00 **Acupuncture in oxaliplatin-induced peripheral neuropathy (NPIO) in patients with digestive tumors exposed to oxaliplatin : Results of the Cohort 2 of the ACUPOX GERCOR G-114 Study**

Emmanuelle Kempf (Henri Mondor Hospital, Créteil)

12:00 -12:30 **Chronic Prostatic and Electro-Acupuncture**

BaoYan Liu (WFAS president)

11:00-12:30 Session 4-2 Neuropathic Pain

Fitzgerald Room 1

CHAIR: Olivier Cuignet

- 11:00 -11:15 **Pain management by acupuncture in patients with multiple limb losses. Experiences of the Merle d'Aubigné Institute in Valenton-France.**
Doan Vu TRI (Institut Merle d'Aubigné, Valenton, France)
- 11:15 -11:30 **Acupuncture vs Sham Acupuncture for Chronic Sciatica From Herniated Disk: A Randomized Clinical Trial.**
Jiang-Feng Tu (Beijing University of Chinese Medicine)
- 11:30 -11:45 **Influence of BMI on the Effect of Acupuncture for Sciatica from Herniated Disk: a Secondary Analysis of Data from a Randomized Controlled Study.**
Dan-Tong ZHANG (Beijing University of Chinese Medicine)
- 11:45 -12:00 **Acupuncture Treatment of Trigeminal Nerve Neuritis.**
Dominique Trivier (Hospital of Lens, France)
- 12:00 -12:15 **Integrated Acupuncture and Herbal Therapy for Refractory Migraine with Autonomic Dysfunction: A Case Report**
Pei-Hsin Hsu (China Medical University Hospital, Taiwan)
- 12:15 -12:30 **Q&A**

11:00-12:30 Session 4-3: Obstetrics and Gynecology 1.

Fitzgerald Room 2

CHAIR: Patricia Duchateau, Anne Van de Vyver.

- 11:00 -11:15 **Based on a clinical case, reflection on the place of acupuncture in an integrative management of premature ovarian failure.**
Gaëlle Gulpen (ABMA-BVAA)
- 11:15 -11:30 **Hazardous Acupuncture Points In Pregnancy. True Or False? Review**
Guillermo Chaibun (Uruguayan Acupuncture Association)
- 11:30 -11:45 **Stimulating Acupoints with Vaccaria Seeds as an Alternative to Needling: Needle-Free Seeds of Transformation**
Marianne Soubeiran (Midwife, Amiens)
- 11:45 -12:00 **Acupuncture Treatment For Chronic Pelvic Pain: Symptom Improvement? Exploratory Study Incorporating Traumatic Experiences.**
Valérie Constant (University Hospital of Nice, France)
- 12:00 -12:30 **Primary Dysmenorrhea: Acupuncture versus Non-Steroidal Anti-Inflammatory Drugs (NSAIDs)**
Carlo Maria Giovanardi and Alessandra Poini. (AMAB, Italy)

11:00-12:30 Session 4-4: Workshops.

Davis Room 1

- 11:00 -11:45 **Simultaneous Use of Acupuncture and Collagen Injections in Treatment of Musculoskeletal System**
Ladislav Fildan (Czech Medical Acupuncture Society)
- 11:45 -12:30 **The Neuro-Psycho-Pathogene Elimination Method**
Hicran Usan (Ankara University)

11:00-12:30 Session 4-5: Symposium Neural Therapy 2

Davis Room 2

CHAIR: Petja Piehler

- 11:00 -11:30 **Non-Specific Low Back Pain : Functional vs. Degenerative Causes – Neural Therapy and Acupuncture as Effective Treatment Options**
Hüseyin Nazlikul (University of Hamburg)
- 11:30 -12:00 **The Importance of Acupuncture and Neural Therapy in Lateral Epicondylitis Patients**
Fatma Gülçin Ural Nazlikul (University of Hamburg)
- 12:00 -12:30 **Neural Therapy In Daily Practice.**
Regina Stemberger (Austrian Neural Therapy Association)

11:00-12:30 Session 4-6: Lectures

Bechet Room 1

CHAIR.: Hedi Luxenburger, Angela Tudor.

- 11:00 -11:15 **Tibetan Medicine and Acupuncture – Two Traditions, One Vision of Balance.**
Sonja Maric (Institut für Ost-West Medizin)
- 11:15 -11:30 **Treating some skin diseases with TCM.**
Lili Luzina-Chju and Kamilla Luzina (Center of Chinese Medicine, Russia)
- 11:30 -11:45 **Chronic Low Back Pain on a Background of Liver Qi Stagnation: a Complex Intervention in Traditional Chinese Medecine**
Valerica Ilies (Valmedica, Alternative Medical Center, Romania)
- 11:45 -12:15 **Integral Management of Functional Dyspepsia, Heartburn, and GERD with Acupuncture and Related Techniques.**
Francisco Lozano-Rodriguez (National Polytechnic Institute, Mexico)
- 12:15 -12:30 **Q&A**

11:00-12:30 Session 4-7: Workshops

Bechet Room 2

- 11:00-11:45 Integrating Osteopathic Manual Muscle Testing, Pulse Diagnosis and Fascial Node Restrictions.
Jay Sandweiss (AAMA)
Joseph Audette (AAMA, president)
- 11:00-12:30 Integrating Osteopathic Manual Muscle Testing, Pulse Diagnosis and Fascial Node Restrictions.
Jay Sandweiss (AAMA)
Joseph Audette (AAMA, president)

11:00-12:30 Session 4-8: Kampo Herbal Medicine & lecture

Armstrong Room

CHAIR: Keiko OGAWA-OCHIAI, Alain HUCHET

- 11:00-11:20 Efficacy of Kampo Formula, Eppikajutsuto (EKJT) for Lymphatic Malformation
Keiko Ogawa-Ochiai (Hiroshima University Hospital)
- 11:20-11:40 Functional Exploration of Medicinal Plants in Kampo
Sachiko Sugimoto (Meiji University of Integrative Medicine)
- 11:40-12:00 Efficacy of maobushisaishinto for Knee Collapse Sensation with Dizziness: A Case Report Based on Keiho Medicine Theory
Kosei Hanoaka (Anamizu General Hospital, Ishikawa)
- 12:00-12:30 Use of LING SHU Chapter 33 about the myth of the "Four Seas" to describe the interaction between the forces that constitute the individual and the contribution of the surrounding universe.
Jean-Marc Eyssalet (Regular Acupuncture Teacher in Canada, Israel, Algeria, and Brazil, France)

12:30-14:00 Lunch Break

14:00-16:00 Session 5-1 Keynote Speech & lectures

Amphitheater

CHAIR: Christine Martin, Eric Nickels

- 14:00-14:30 Non-pharmacological interventions : definition, description and evaluation framework of a new paradigm.
Gregory Ninot (Non-Pharmacological Intervention Society)
- 14:30-15:00 The Bridge between Western and Chinese Medicine Regarding Auto Immune Disease Physiopathology
Manola Souvanlasy-Abhay (MD, Author)
- 15:00-15:30 Original Proposal for the Integration of the traditional system of Chinese Medicine of the Four Seas into the anatomical model of Western Medicine.
Tristan Cuniot (School of Medicine, Paris Nord Sorbonne University)
- 15:30-16:00 Nephrotic Syndrome (NS) from a TCM perspective
Wen Qin Guillon (Hospital Portes of Provence, Montélimar, France)

14:00-16:00 Session 5-2: Lectures & Workshops

Fitzgerald room 1

CHAIR: Olivier Cuignet.

- 14:00-14:15 Benefit of Pre- and Intraoperative Acupuncture during Awake Neurosurgery To Cure Recurrence of Infiltrating Glioma. A Case report.
Hala Akkawi (MD, Chinon)
- 14:15-14:30 The Integrative Multimodal Post Surgical Management of Pain Acupuncture and Prevention.
Agnès Mazic de Sonis (Pain Clinic, Chirel Delta Hospital Brussels)
- 14:30-14:45 The Effects of Korean Hand Acupressure on Postoperative Pain, Nausea, Vomiting, and Retching After Thyroidectomy: A Randomized Controlled Study Protocol.
Seher Deniz Oztekin (Istanbul University)
- 14:45-15:00 An Anesthesiologist-Led Complementary Therapy Service for Perioperative Patients and Staff : A Comprehensive Descriptive Report.
Jean-Christophe Favier (Bretagne Sud Hospital Center, France)
- 15:00-15:15 The Effects of Acupressure Combination on Post-Thoracotomy Pain and Lung Volume During Rest, Breathing-Coughing Exercises: Randomized Controlled Study.
Seher Deniz Oztekin (Istanbul University)
- 15:15-16:00 Modern Applications of Acupuncturist Techniques in Anesthesia and Resuscitation.
Hubert Thomas (Lapeyronie University Hospital Center, Montpellier)

14:00-16:00 Session 5-3: Psychiatry & Neurology.

Fitzgerald room 2

CHAIR: Pascal Clement.

14:00-14:15 Sleep disorders in Inmates at the Caen-Iffs Penitentiary Center : An Observational Approach.

Flore Deboscker (Health Care Caen Prison, France)

14:15-14:30 The Effects of Acupuncture on Clinical Findings and Activities of Daily Living in Migraine Patients: A Randomized Controlled Trial.

Hicran Usan(Physical Medicine a rehabilitation, Ankara)

14:30-14:45 Integrating Acupuncture into the Treatment of a Patient with Traumatic Subarachnoid Hemorrhage

Syuan-Yu WU (China Medical University Hospital)

14:45-15:00 More and better than you can imagine (YNSA)

Wouter Koekoek(Utrecht Medical University)

15:00-15:15 Dynamics of stress and the influence on mucosa tissues regulated by acupuncture.

Johannes Nepp (Austrian Acupuncture Society)

15:15-15:30 Utilization of Traditional Chinese Medicine by Schizophrenia patients in Taiwan: a Nationwide population-Based Study.

Paulo Lin (China Medical University)

15:30-15:45 Acupuncture, An Original Approach for Youth Mental Health : from a Personal Experience to a Validated Indication !

Marc Martin (FAFORMEC)

15:45-16:00 Possibilities of traditional Chinese and Korean medicine in the treatment of diseases resulting from psycho-emotional trauma

Katarina Svitekova (Slovak Health University)

14:00-16:00 Session 5-4: Auriculotherapy Workshop and lectures

Davis room 1

14:00-14:45 Electrical Stimulation in Medical Acupuncture: Discussion of Theory and Application

Chin Chan (Australian Medical Acupuncture College)

CHAIR: Eric Nickels

14:45-15:00 Application Of Modified Battlefield Analgesic Module in Medical Acupuncture on a Group of Patients from Montevideo.

Yeni Ganeglus (Pineyro Del Campo Center Hospital, Uruguay)

15:00-15:15 Two Cases of Scoliosis improved with Auriculotherapy

Florence Paturel (France)

15:15-15:30 AVNS (Auricular Vagus Nerve Stimulation) and its applications in Auriculotherapy

Rini Verpraet (ABMA-BVAA)

15:30-15:45 Clinical Study on the efficacy of Scalp Acupuncture in combination with Auriculotherapy in Rehabilitation of Stroke patients
Shripad Chodankar (Panacea International Institute of Acupuncture Science, India)

15:45-16:00 Auriculotherapy (Auricular Acupuncture), a French Discovery
Yves Rouxeville (GLEM, France)

14:00-16:00 Session 5-5: Oncology

Davis Room 2

CHAIR: Jennifer Denis.

14:00-14:15 A French Guideline on Acupuncture in Supportive Care in Cancer.
Henri Truong Tan Trung (French College of Acupuncture)

14:15-14:30 The Place of Acupuncture In Cancer Centers In France
Andrea Cavalcanti (Gustave Roussy Hospital, Villejuif, France)

14:30-15:00 Acupuncture and Auriculotherapy as a Supportive Care in Gynecological and Breast Oncology in Cancer Center.
Nora Alloy (Oscar Lambret Center, Lille)

15:00-15:30 The Hand and Foot Syndrome with Anti-mitotic Treatment
Philippe Jeannin (MD)

15:30-15:45 The Role of Ear, Body Acupuncture and Electroacupuncture in Xerostomia of Post-Chemoradiation Tongue Cancer Patients.
Kannesia Dahuri (Buda Hospital, Jakarta)

15:45-16:00 Q&A

14:00-16:00 Session 5-6: Related Techniques

Bechet room 1

CHAIR: Gaelle Gulpen.

- 14:00-14:20 12 meridians - 12 acupuncture points chosen according to a strategy invented by Dr Richard the-Fu Tan.
Marc Labby (ABMA-BVAA)
- 14:20-14:40 Mobile health applications to provide self-acupressure: a literature review for efficacy assessment.
Iham Hooshyarazar. (University of Medical Sciences, Mashhad, Iran)
- 14:40-15:00 Laser Acupuncture in a Pediatric Case of YARS2-Related Mitochondrial Disease with Septic Shock Following Suspected Viral Encephalitis.
Szu-Yu Pan (China medical University Hospital, Taiwan)
- 15:00-15:15 Q&A

14:00-16:00 Session 5-7: Obstetrics and Gynecology 2.

Bechet room 2

CHAIR: Patricia Duchateau, Valérie Constant.

- 14:00-14:15 Feedback on Acupuncture Assisted ART
Audrey Monciatti (Midwife, Perpignan, France)
- 14:15-14:30 How can we prevent prolapse in our patients ?
Véronique Duclos (Midwife, Chateaubriand, France)
- 14:30-15:00 The role of midwives practicing acupuncture in supporting women with gynecological cancers.
Isabelle Grudler (Midwife, France)
- 15:00-15:15 This movement that invites Birth
Laurence Courtet (Midwife, Bretagne Sud Hospital, France)
- 15:15-15:30 Acupuncture in First Trimester Pregnancy Termination
Anne-Laure Mathieu (Midwife, Hospital of Strasbourg, France)
- 15:30-15:45 Effects of Birth Preparation with Acupuncture on Labor and Delivery in Full-term Primiparas
Violaine Crépel (Midwife, France)
- 15:45-16:00 Q&A

14:15-15:45 Session 5-8 Kampo Medicine Hands-On Workshops

Armstrong room

CHAIR: Keiko Ogawa-Ochiai

14:15-14:30 Participants will experience Kampo-style physical examination (four diagnostic methods), learn pulse and abdominal diagnosis, and practice gentle acupuncture and moxibustion techniques under expert guidance.

This session series invites international dialogue on the practical and philosophical integration of traditional medicine into modern care.

Keiko Ogawa-Ochiai (Hiroshima University Hospital)
Hikuro Wakayama (The Japan Society of Acupuncture and Moxibustion).
Daichi Kasuya (Nigata University of Health and Welfare)
Hiroyuki Tsuru (Meiji University of Integrative Medicine)
Masao Suzuki (Dpt of Acupuncture and Kampo Surgery, Fukushima Medical)
Sachiko Sugimoto (Meiji University of Integrative Medicine)
Kosei Hanoaka (Anamizu General Hospital, Ishikawa)
Keiko Hirose (Hiroshima University Hospital, Kampo Clinical Center)

15:30-15:45 Q&A

16:00-16:30 Coffee Break & Poster session (16:00-17:00)

16:30-17:00 Poster Session

Hall

17:00-18:00 ICMART FORUM 2

Amphitheater

Safety and Quality Control of Acupuncture Services

CHAIR: Petja Piehler

Márcia Yamamura,
Hedi Luxenburger
Francisco Lozano
Dongwoo Nam
Konstantina Theodoratou

18:00-18:30 ICMART Science Award Ceremony

Amphitheater

18:30-19:30 ICMART General Assembly

Amphitheater

20:00 – 24:00 GALA DINNER

Day 3 (Sunday Nov 9th)

08:00 - 08:45 *Qigong / Taijiquan*

Parc de la Pinède

09:00 - 10:30 Session 6-1 Keynote Speech

Amphitheater

CHAIRS: Olivier Cuignet, Patrick Sautreuil.

09:00-09:30 **Shao Yin Axis, Zhubin: Epigenetic Effects of Acupuncture.**
Marc Petitpierre (AGMAR Past President)

09:30-10:00 **Paper Mill - a danger for Acupuncture and TCM?**
Dominik Irnich (Pain Clinic, Ludwig Maximilian University of Munich)

10:00-10:30 **Making Sense of the Scientific Evidence on Acupuncture : What Are the Fundamental Principles of Acupuncture?.**
Thomas Burgoon (AMAA Past President)

09:00-10:30 Session 6-2 Symposium AFA (French acupuncture)

Fitzgerald Room 1

CHAIR: Jean-Louis Vicq

09:00-09:25 **Forgetting the symptom. 2 clinical observations.**
Jean-Marc Kespi (AFA, Past President)

09:25-09:45 **Skin and Po.**
Jean-Louis Vicq (AFA, President)

09:45-10:10 **Belly to Earth, Belly and Earth.**
Karine Roulois (Midwife, AFA)

10:10-10:30 **The Benefit of Using Typology in the Treatment of Skin Diseases.**
Gille Andrès (AFA, Past President)

09:00-10:30 Session 6-3 Research 2

Fitzgerald Room 2

CHAIR: Henri Yves Truong Tan Trung

09:00-09:15 **Comparing Acupuncture alone or in combination with an anti-inflammatory diet on Diabetes and Diabetic Depression, an RTC.**
Mohammad Hossein Ayati (Tehran University of Medical Sciences)

09:15-09:30 **Possible Visualization, in a Pilot Study, of an Acupuncture Meridian after Metastable Technetium-99 Needling.**
Isabel Giral-Sampedro (Sociedad Española de Salud y Medicina Integrativa, President)

09:30-09:45 **Comparative Effectiveness and Safety of Acupuncture vs Metformin in Insulin-Resistant Polycystic Ovary Syndrome Women : A Network MetaAnalysis of RCTs.**
Wenli Yan(Student)

- 09:45-10:00 Trends in Acupuncture Utilization Among Adults in Taiwan, 2012–2021 : A Nationwide Study Including the COVID-19 Period.
Pei-Hsuan Li (Taichung Hospital, Taiwan)
- 10:00-10:15 Stable Demand for Pediatric Acupuncture in Major Illnesses Through the COVID-19 Era : Evidence From Taiwan's National Health Insurance Data.
Tzu-Yuan Kang (Taichung Hospital, Taiwan)
- 10:15-10:30 Reduced Stroke Risk Associated with Acupuncture Treatment in Patients with Insomnia: A Population-Based Study.
Cheng Hao Huang (China Medical University Ass. Prof. Taiwan)

09:00-10:30 Session 6-4 Symposium: Acupotomology

Davis Room 1

CHAIR: Sungwoon Choi

- 09:00-09:20 Acupotomy Treatment for Cervical Radiculopathy.
Myung Seok Ryu (Korean Society of Acupotomology,Chair)
- 09:20-09:40 Acupotomy Treatment for Knee Joint Disorders : Focus on Meniscus Injuries and Degenerative Arthritis.
Kwang Hwan Lim (Korean Society of Acupotomology)
- 09:40-10:00 Acupotomy Approach for Post-Surgical Syndrome Treatment.
Hyocheong Chae (Korean Society of Acupotomology)
- 10:00-10:20 Various Treatment: Cases of Pulsed Electromagnetic Field,Thermal Acupuncture Therapy.
Sungwoon Choi (Korean Medical Society of Acupotomology, KoreaSu (Rehabilitation Hospital)

09:00-10:30 Session 6- 5 Workshops

Davis Room 2

- 09:00-09:45 More and Better than you can imagine (YNSA)
